**Job title:** Alarm Engineer

**Location:** London

**Salary:** £25 -35k base

## ABOUT US

Established in 1980, Krypto Security set out the goal to provide **TOTAL SECURITY**, to homes and organisations. Krypto was founded by two brothers, One a member of the Master Locksmiths Association (the most prestigious title of the British Locksmith Association). The other an instrumental businessman with the implementation of recognised training schemes, combined they became renowned within the Security Sector and built a business and a brand synonymous with Quality, Professionalism and Customer Satisfaction. Krypto Security is still a family run business to this day.

For 40 years, Krypto Security has not only grown as business, but has developed and moved with the fast-growing Technology Sector, with state-of-the-art Security Systems fit for a modern home and businesses.

## ABOUT THE ROLE

You will be expected to carry out planned and reactive service/breakdown visits, and Installations, to Domestic and Commercial clients in London and the Home Counties.

**We cannot consider candidates without the necessary previous experience**

### Experience required:

Ability and knowledge to work on systems such as

Texcom, Risco, Visonic, Pyronix/Castle, Galaxy/Honeywell, Menvier

HikVision & IP based CCTV (not essential)

Paxton / BPT / Videx / Fermax (not essential)

Our mission is to provide the highest level of security and protection to our customers.

### The day to day stuff:

No two days are ever the same at Krypto Security so what you'll be up to will vary from Installations to Breakdowns to Maintenance and ad-hoc CCTV/Access Control work. But these are the things that will be core to your role and will keep you busy.

- Intruder Alarm Installation
- Intruder Alarm Breakdowns
- Service – Intruder Alarm, Access Control and CCTV
